

## Adoption

*By choosing adoption after considering abortion you are not “giving up” your child, rather, you are giving your baby the gift of a wonderful childhood, of the opportunity to be parents and grandparents themselves. You are giving your child a life as well as fulfilling a lifelong dream for adoptive parents who may otherwise never have the opportunity to have a child. It is the most selfless act of love a mother can give her child.*

*Adoptions today are much different than in the past. You have control of the process by having the opportunity to choose a family if you so desire.*

A few famous children of adoptive parents include: Keegan-Michael Key, Ice-T, John Lennon, Steve Jobs, Eric Clapton, Simone Biles, Jessie Jackson, Jamie Foxx, Nicole “Snooki” Polizzi, Nicole Richie, Tim McGraw, Faith Hill, Keyshia Cole, Nelson Mandela. Colin Kaepernick, Michael Oher, Daunte Culpepper, Alonzo Mourning, Marilyn Monroe
